# FINAL EXAMINATION

### TRIMESTER 2, 2018/2019

## DCS5018 – COMPUTER SYSTEMS & APPLICATIONS
### (DIT & DBIS)

4 MARCH 2019
2:30 p.m. – 4:30 p.m.
(2 Hours)

---

**INSTRUCTIONS TO STUDENT**

1. This question paper consists of **4 pages**.

2. Answer **ALL** questions in **Section A** on the **OMR sheet**.

3. Answer **ALL** questions in **Section B** in the **Answer Booklet**.

## Section A: 10 Multiple Choice Questions (10 marks)
*Instruction: Shade your answers on the **OMR** sheet.*

1.  A self-contained computer device that have their own programming that typically do not receive input from users or interact with other systems is known as _____.
    A.  mainframe
    B.  supercomputer
    C.  minicomputer
    D.  embedded computer

2.  Below are the examples of input device **EXCEPT** _____.
    A.  joysticks
    B.  touchpad
    C.  stylus
    D.  clip-on mic

3.  Which of the following characteristics is **NOT TRUE** about laser printer?
    A.  Affordable
    B.  Faster printing speed
    C.  Uses laser beams
    D.  Higher quality printouts

4.  _____ controls all functions of the computer's component and processes all commands and instructions.
    A.  Read-only memory (ROM)
    B.  Central Processing Unit (CPU)
    C.  Random-access memory (RAM)
    D.  Cache

5.  _____ can achieve fast transfer speeds of up to 10 Gb/s.
    A.  FireWire 800
    B.  Thunderbolt port
    C.  USB port
    D.  Connectivity port

6.  Which of the following website is business-related social networking site?
    A.  Facebook
    B.  Twitter
    C.  LinkedIn
    D.  Instagram
